

Fairlight Console Channel Fader

Fairlight Console Channel Fader gives you full mixing and automation control with 12 touch sensitive motorized faders, pan knobs, tally buttons and LCD displays for each channel, as well as automation controls and bank buttons for mapping tracks and buses to the faders! The faders are sculpted and weighted for comfort and feature smooth gliding, high precision motors that provide the sensitivity and feedback you need for the most sophisticated mixing sessions! Each channel strip features an LED display for track status along with mute, solo, call and automation buttons, and a customizable soft knob for panning.

\$4,725
