LITEPANELS 1X1 LS TRAVELER TRIO KIT

For those camera crews or independent shooters looking for a high quality kit for 3-point lighting, on-camera interviews or illumination of small locations, the Litepanels 1x1 LS Traveler Trio Kit™ makes it easy. At only 46.5 lbs. (21.1kg) this kit can travel without feeling overweight or bulky, unlike many traditional lighting kits. Add Anton/Bauer or V-mount battery adapter plates to experience true lighting freedom.
